

# The Sweets & Safety Seminar Series presents...

## Navigating Risks in Research

with special speakers *Rudy Guerrero & Suzanne Kilpatrick*

*Rudy Guerrero is the Laboratory Safety Manager and Suzanne Kilpatrick is the Campus Occupational Safety Manager with the University of Texas at Austin's Environmental Health and Safety Department*

Are you doing enough to identify and address the risks of your research? Join us for sweets and a workshop to help you prioritize safety efforts and proactively identify and control hazards. Attendees will come away with:

- A risk assessment tool that can be immediately put to use
- A deeper understanding of how to properly perform a risk assessment
- New ideas for the optimum way to control risks

This seminar is for those interested in finding and fixing work-related hazards.

**Join us for 30 minutes of safety and a sweet of the month!**

***This month serving: cupcakes***

*alongside fruit, coffee, and tea!*

**Join us in Welch 4.132B (Old Library) on Tuesday January 17<sup>th</sup> at 12:00pm!**
